

CURRIES

ASSA ABLOY

Going Beyond GREEN!

CURRIES doors and frames are naturally green because of the recycled steel content. Plus, they're built for a longer life, surpassing windstorm-certification standards for strength and durability.

Add in award-winning factory processes and the story of CURRIES' commitment to the environment is evident.

ASSA ABLOY, the global leader
in door opening solutions

Sustainability Practices Include:

Recycling

- Solvent and rollformer lubricant recycling
- Pallet recycling program
- Recycled steel content
- Recycled packaging materials
- Reduced packaging - ReadySet®

Reimbursing for pallets returned to CURRIES

Using lower energy bulbs to reduce greenhouse gases

Energy Efficiency

- Reduced energy consumption (natural gas)
- Lower energy light bulbs
- Air emission reductions
- Regional transshipping and transwelding
- Energy-efficient cooling systems

Insulating gasket protects against heat loss

CURRIseal energy-efficient thermal break frames for heat retention

Factory Awards

- USEPA Region 7 Pollution Prevention Environmental Excellence Award
- 2000 & 2006 Recipient
- Governor's Iowa Environmental Excellence Award
- 2004 Recipient
- 2000 & 2006 Certificate of Recognition
